

THANK YOU!

To unsung heroes and fellow community members

2020 has been a year of unprecedented challenges.

To all essential workers—in hospitals, law enforcement, public transportation, and more—I would like to take this opportunity to thank you for keeping the wheels turning and being there for us during these unusual times.

As a fan of L. Ron Hubbard's fiction works, I hope to uplift you during this holiday season with some great books and audiobooks.

As an explorer, adventurer, prospector, master mariner, and daredevil pilot, L. Ron Hubbard brought an unsurpassed degree of extraordinary detail and historical authenticity to his popular fiction stories.

They reflect a time of simpler virtues and clearer values—ideal entertainment for readers seeking an escape into worlds populated by bold characters living lives of action and adventure, spiced with intrigue, humor, romance, and mystery.

Please accept this gift as my sincere thank you.

Happy Holidays!

Best regards,
